H

aving served the Palm Beach community for more than 12 years, the Place for Kitchens and Baths is able to offer a quality service that will meet its clients' unique needs and exceed their expectations, however high they may be.

As an award-winning, internationally recognised kitchen and bathroom design specialist, the company can support a wide variety of clients and create a space that they can cherish and enjoy. Whether they are looking for a classic or contemporary look, a certain style or a combination of colours and materials, the Place for Kitchens and Baths can guide clients through the entire process and ensure a satisfactory outcome.

Boasting a dedicated team, the company can support clients from concept to completion of their new kitchen or bathroom and offers custom-made kitchen and bath cabinetry as well as a variety of countertop surfaces. The design team are able to undertake a total turnkey project as well as assist in all selections needed to take their clients' dream and make it a reality.

Creative Leader, Designer and President Barbara Geller, ACSD, PKBD has been serving Boca Raton and Palm Beach since 1984, and today she continues to offer her esteemed clientele the benefit of her wisdom and knowledge. As a certified kitchen and bath designer, Barbara has been creating kitchens, library and bath spaces since 1980.

With both undergraduate and graduate education in Fine Arts, she offers a unique approach to her designs, in which beauty is only surpassed by function. Her attention to details and creative solutions, have earned her respect in her field and has often been quoted in, and written for, several design publications.

Together with her expert team she aims to bring her clients' visions to life and create a space they can be truly happy in. This focus on communication and partnering with clients is particularly important, as with any kitchen or bath design or remodel project it is vital that clients work closely with a certified kitchen or bath designer, so that the finished space includes all of the often-overlooked details pertaining to function. At the Place for Kitchens and Baths, the professional and dedicated team combine their expertise with ingenuity and creative thinking to turn an average space into an extraordinary one, reflecting their client's tastes and personality.

From the beginning of any project the focus is always on the client and what they are looking for. Offering a collaborative approach, the team will start with their ideas and will meet to discuss the overall objective of the project, before creating detailed plans which clients can approve prior to work beginning.

During their visit to the firm's stunningly appointed showroom, clients are able to view and select cabinetry, countertops, and hardware from a vast selection. All of the company's cabinetry choices are custom made, which allows for flexibility and versatility in design. The Place for Kitchens and Baths offer several different cabinetry lines that allow the team to create a personalized space with attention to style and price so that clients receive exactly what they want, within their budget.

Alongside kitchens and bathrooms, the company can also create stylish laundry rooms, combining form and function so that clients can have a peaceful, relaxing utility space to keep their washing apparatus.

Ultimately, the future looks bright for the Place for Kitchens and Baths as the team continues to focus on enhancing its already impressive success and creating luxurious spaces that its clients can feel comfortable and at home in for many years to come.
